

Ring Sizing

If your ring is a surprise gift or you cannot come to the studio to be measured with a gauged ring-sizer, the chart below will help you determine the size required:

Instructions to determine ring size:

- Wrap a tape measure or a piece of string around the finger the ring will be worn on and carefully make a mark where it overlaps as it forms a full circle.
- Then compare the measurement in the chart below.

Hints:

- If you're considering a wide band, you may want to consider adding one size to accommodate for the extra width.
- To double check your findings, you can also measure the inside diameter of a ring that is currently worn.
